## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

This section of the annual financial report of Legends Academy (the “School”) presents management’s discussion and analysis of the School’s financial performance during the fiscal year ended June 30, 2017. Please read it in conjunction with the School’s financial statements, which follow this section. The School operates as part of Nap Ford Community School, Inc. with one other charter school.

### **FINANCIAL HIGHLIGHTS**

- The School’s total net position decreased as compared to the prior year.
- For the fiscal year ended June 30, 2017, the School’s expenses exceeded revenues by \$290,054, which is a decrease from the prior year when revenues exceeded expenses by \$297,488.
- Overall, revenues increased by approximately \$229,000, which was a 10% increase from the prior year.
- Overall, expenses increased by approximately \$816,000, which was a 41% increase from the prior year.
- Total assets and deferred outflows of resources were \$1,182,236, and total liabilities and deferred inflows of resources were \$1,174,802, resulting in net position of \$7,434 as of June 30, 2017.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of three parts – management’s discussion and analysis (this section), the basic financial statements and required supplementary information. The basic financial statements include two kinds of statements that present different views of the School:

- The first two statements are *government-wide financial statements* that provide both long-term and short-term information about the School’s overall financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the School, reporting the School’s operations in more detail than the government-wide statements.
  - The *governmental funds* financial statements tell how general school services were financed in the short term, as well as what remains for future spending.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements.

This document also includes the independent auditor’s report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with *Government Auditing Standards*, as well as the management letter required by the Rules of the Auditor General, Chapter 10.850.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS** **(continued)**

The following table summarizes the major features of the School's financial statements, including the portion of the School they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

	<b>Governmental Funds</b>	
Scope	Entire School	The activities of the School that are not proprietary or fiduciary
Required financial statements	Statement of net position Statement of activities	Balance sheet – governmental funds Statement of revenues, expenditures and changes in fund balances – governmental funds

## **MANAGEMENT'S DISCUSSION AND ANALYSIS** **(continued)**

### **Government-wide Financial Statements**

The government-wide financial statements report information about the School as a whole using accounting methods similar to those used by private sector companies. The statement of net position includes all of the School's assets and deferred outflows of resources, and its liabilities and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities, regardless of when cash is received or paid.

The two government-wide financial statements report the School's net position and how it has changed. Net position - the difference between the School's assets, deferred outflows of resources, liabilities and deferred inflows of resources - is one way to measure the School's financial condition. Over time, increases or decreases in the School's net position are an indicator of whether its financial condition is improving or deteriorating, respectively. To assess the overall health of the School, one needs to consider additional nonfinancial factors such as changes in the School's student base, the quality of the education and the safety of the School.

The government-wide financial statements of the School are generally divided into three categories:

- Governmental Activities – most of the School's basic services are included here, such as instruction and school administration. Funds received through the Florida Education Finance Program ("FEFP") and state and federal grants finance most of these activities.
- Business-Type Activities – in certain instances, the School may charge fees to help it cover the costs of certain services it provides. The School currently has no business-type activities.
- Component Units – there currently are no component units included within the reporting entity of the School.

### **Fund Financial Statements**

The fund financial statements provide more detailed information about the School's most significant funds, not the School as a whole. A fund is a self-balancing set of accounts which the School uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by state law, and the School may establish other funds to control and manage money for particular purposes, such as for federal grants.

The School has one type of fund:

- Governmental Funds – most of the School's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps one determine whether there are more or fewer financial resources that can be spent in the near future to finance the School's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information on the subsequent page that explains the differences between them.

**FINANCIAL ANALYSIS OF THE SCHOOL AS A WHOLE**

**Net Position**

The School's combined net position at June 30, 2017 and 2016 is summarized as follows – see table below.

	<b>Governmental Activities</b>		<b>Increase (Decrease)</b>
	<b>2017</b>	<b>2016</b>

 Current and other liabilities	 108,846	 9,075	 1099%
Long-term liabilities	950,245	-	100%

 Net position:			
Net investment in capital assets	363,539	167,957	116%
Unrestricted	(356,105)	129,531	-375%
 Total net position	 <u>\$ 7,434</u>	 <u>\$ 297,488</u>	 -98%

Capital assets increased from the prior year due to current year additions of building improvements and furniture, fixtures, and equipment. There were no disposals in the current year. The increase in current and other liabilities was due to an increase in payables to Nap Ford Community School, a related party, for expenses paid on the School's behalf. The changes in deferred outflows of resources, deferred inflows of resources and long-term liabilities are all related to the re-measurement of the net pension liability for fiscal 2017. The change in total net position was due to the current year operating deficit and the activity noted above.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**(continued)**

**Change in Net Position**

The School's total revenues increased by 10% to \$2,495,675, and the total cost of all programs and services increased by 41% to \$2,785,729 – see table below.

	<b>Governmental Activities</b>		<b>Increase (Decrease)</b>

 Change in net position	 <u>\$ (290,054)</u>	 <u>\$ 297,488</u>	 -198%

Federal sources passed through local school district increased due to additional draws on the federal Public Charter School Grant Program in the current year. State and local sources increased due to an increase in enrollment. Contributions and other revenue decreased due to a one-time grant the School received near the end of the prior year from a related party school.

Instruction and instruction-related services increased due to additional salaries and related expenses as a result of the increased enrollment. General administration increased due to an increase in the district administrative fee as a result of higher FEFP. School administration increased due to a higher allocation of the principal's time to the School. Operation of plant increased due to an increase in rent paid for the use of the facility.

**FINANCIAL ANALYSIS OF THE SCHOOL'S FUNDS**

As the School completed the year, its governmental funds reported a combined fund deficit of \$51,269. Overall, revenues and expenditures increased for the same reasons described above.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS** **(continued)**

### **General Fund Budgetary Highlights**

For the year ended June 30, 2017, actual general fund revenues were approximately \$6,000 lower than budgeted amounts, which represents a budget variance of less than 1%. Actual expenditures were approximately \$106,000 above budgeted amounts, which represents a 5% budget variance. The variance was primarily due to an increase in instructional staff and instructional related expenses due to an increase in enrollment.

### **Special Revenue Fund Budgetary Highlights**

For the year ended June 30, 2017, actual revenues and expenditures were approximately \$154,000 above budgeted amounts, primarily due to receiving more federal awards than anticipated in the current year.

### **CAPITAL ASSET ADMINISTRATION**

The School's investment in capital assets at the end of fiscal 2017 amounts to \$363,539 (net of accumulated depreciation). See table below:

	<b>Governmental Activities</b>		<b>Increase (Decrease)</b>
	<b>2017</b>	<b>2016</b>	
Furniture, fixtures and equipment	\$ 229,623	\$ 44,722	413%
Leasehold improvements	223,902	158,112	42%
Less: accumulated depreciation	(89,986)	(34,877)	-158%
Total capital assets	<u>\$ 363,539</u>	<u>\$ 167,957</u>	<u>116%</u>

This year's major capital asset additions include the following:

- Two way radios - \$12,000
- 85 computers - \$86,000
- 5 charging carts - \$13,000
- 8 smartboards - \$55,000
- Playground equipment - \$66,000

More detailed information about the School's capital assets is presented in Note 3 to the financial statements.

### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

When adopting the general fund budget for fiscal year 2018, the School expects an increase in student enrollment.

Amounts available for appropriation in the general fund are approximately \$2,091,000, an increase of 4% from 2017 actual revenues of \$2,017,378. Budgeted expenditures are expected to be approximately \$2,091,000, a decrease of 2% from 2017 actual expenditures of \$2,129,904. The School has added no major new programs to the fiscal 2018 budget.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**(continued)**

If these estimates are realized, the School's general fund balance is expected to remain the same by the close of fiscal 2018.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. ## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Nap Ford Community School, Inc. - Legends Academy as of June 30, 2017, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 – 7, the budgetary comparison information on pages 30 – 31 and the pension information on pages 32 – 33 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS**

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2017 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

<b>Net changes in fund balances - total governmental funds</b>	<b>\$ (112,526)</b>

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay expenditures (\$250,691) exceed depreciation expense (\$55,109) in the current period.

195,582

Pension income or expense resulting from GASB 68 included in the statement of activities does not provide or require the use of current financial resources and, therefore, is not reported as a net change in fund balances in the governmental funds.

**FOR THE YEAR ENDED JUNE 30, 2017**

**1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Organization**

Nap Ford Community School, Inc. (the "Company") is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act and Section 1002.33, Florida Statutes. Legends Academy (the "School") operates as part of the Company with one other charter school. The governing body of the School is the not-for-profit corporation Board of Directors, which is composed of six members.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter of the sponsoring school district, the District School Board of Orange County, Florida (the "School Board"). The current charter is effective until June 30, 2018 and may be renewed by mutual written agreement between the School and the School Board. At the end of the term of the charter, the School Board may choose not to renew the charter under grounds specified in the charter. In this case, the School Board is required to notify the School in writing at least 90 days prior to the charter's expiration. During the term of the charter, the School Board may also terminate the charter if good cause is shown. In the event of termination of the charter, any property purchased by the School with public funds and any unencumbered public funds revert back to the School Board. The School is considered a component unit of the School Board and meets the definition of a governmental entity under the Governmental Accounting Standards Board ("GASB") accounting guidance; therefore, for financial reporting purposes, the School is required to follow generally accepted accounting principles applicable to state and local governmental units.

Criteria for determining if other entities are potential component units of the School which should be reported with the School's basic financial statements are identified and described in the GASB's *Codification of Governmental Accounting and Financial Reporting Standards*. The application of these criteria provides for identification of any entities for which the School is financially accountable and other organizations for which the nature and significance of their relationship with the School are such that exclusion would cause the School's basic financial statements to be misleading or incomplete. Based on these criteria, no component units are included within the reporting entity of the School.

**Basis of Presentation**

The School's financial statements have been prepared in accordance with generally accepted accounting principles as prescribed by the GASB. Accordingly, both government-wide and fund financial statements are presented.

**NAP FORD COMMUNITY SCHOOL, INC.  
LEGENDS ACADEMY  
A CHARTER SCHOOL AND COMPONENT UNIT OF  
THE DISTRICT SCHOOL BOARD OF ORANGE COUNTY, FLORIDA**

**NOTES TO FINANCIAL STATEMENTS  
(continued)**

The government-wide financial statements report information about the School as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the School's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The government-wide financial statements of the School are generally divided into three categories:

- Governmental Activities – most of the School's basic services are included here, such as instruction and school administration. Funds received through the Florida Education Finance Program ("FEFP") and state and federal grants finance most of these activities.
- Business-Type Activities – in certain instances, the School may charge fees to help it cover the costs of certain services it provides. The School currently has no business-type activities.
- Component Units – there currently are no component units included within the reporting entity of the School.

The fund financial statements provide more detailed information about the School's most significant funds, not the School as a whole. A fund is an accounting entity having a self-balancing set of accounts for recording assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, revenues, expenditures, and other financing sources and uses. Resources are allocated to and accounted for in individual funds based on the purpose for which they are spent and the means by which spending activities are controlled. The funds in the financial statements of this report are as follows:

Governmental Funds:

- General Fund – to account for all financial resources not required to be accounted for in another fund.
- Special Revenue Fund – to account for the proceeds of specific revenue sources and federal grants that are restricted by law or administrative action to expenditure for specific purposes.

For purposes of these statements, the general and special revenue funds constitute major funds. There are no other governmental funds.

**Basis of Accounting**

Basis of accounting refers to when revenues and expenses/expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

**NAP FORD COMMUNITY SCHOOL, INC.  
LEGENDS ACADEMY  
A CHARTER SCHOOL AND COMPONENT UNIT OF  
THE DISTRICT SCHOOL BOARD OF ORANGE COUNTY, FLORIDA**

**NOTES TO FINANCIAL STATEMENTS  
(continued)**

The government-wide financial statements are presented using the accrual basis of accounting and an economic resources focus. Under the accrual basis of accounting, revenues and expenses are recognized when they occur.

The modified accrual basis of accounting and current financial resources focus is followed by the governmental funds. Under the modified accrual basis, revenues are recognized when they become measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The School considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred. The principal exceptions to this general rule are: (1) interest on general long-term debt is recognized when due and (2) expenditures related to liabilities reported as general long-term debt are recognized when due.

**Budgetary Basis Accounting**

Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the fund level.

**Cash and Cash Equivalents**

Investments with an original maturity of three months or less at the time they are purchased are considered to be cash equivalents. The School maintains its cash accounts in a financial institution subject to insurance coverage issued by the Federal Deposit Insurance Corporation (the "FDIC"). Under FDIC rules, the School is entitled to aggregate coverage of \$250,000 per account type per separate legal entity per financial institution. As of June 30, 2017, all cash balances were fully insured by the FDIC.

**Capital Assets and Depreciation**

Expenditures for capital assets acquired for general School purposes are reported in the governmental fund that financed the acquisition. Purchased capital assets are reported at cost, net of accumulated depreciation, in the government-wide financial statements. Donated assets are recorded at their approximate fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which are as follows:

	<u>Years</u>
Leasehold improvements	4 - 5
Furniture, fixtures and equipment	3

Information relative to changes in capital assets is described in Note 3.

THE DISTRICT SCHOOL BOARD OF ORANGE COUNTY, FLORIDA**

**NOTES TO FINANCIAL STATEMENTS  
(continued)**

**Fund Balance Spending Policy**

The School's adopted spending policy is to spend from the restricted fund balance first, followed by committed, assigned, then the unassigned fund balance. Most funds were designated for one purpose at the time of their creation. Therefore, expenditures made out of the fund will be allocated to the applicable fund balance classifications in the order of the aforementioned spending policy. If expenditures are incurred that meet the purpose of more than one fund, they will be allocated to restricted fund balance first and then follow the order above. Funds can only be committed by formal action of the Board of Directors. The Board of Directors has delegated authority to assign funds to the Executive Director. There are no minimum fund balance requirements for any of the School's funds.

**Revenue Sources**

Revenues for current operations are received primarily from the School Board pursuant to the funding provisions included in the School's charter. As such, the School's revenue stream is largely dependent upon the general state of the economy and the amounts allotted to the Florida Department of Education ("FDOE") by the state legislature. In accordance with the funding provisions of the charter and Section 1002.33(18), Florida Statutes, the School reports the number of full-time equivalent students and related data to the School Board.

Under the provisions of Section 1011.62, Florida Statutes, the School Board reports the number of full-time equivalent students and related data to the FDOE for funding through the FEFP. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the FEFP and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. The School Board receives a 5% administrative fee from the School, which is reflected as a general administration expense/expenditure in the accompanying statement of activities and statement of revenues, expenditures and changes in fund balances - governmental funds.

The School receives federal awards for the enhancement of various educational programs. This assistance is generally received based on applications submitted to and approved by various granting agencies. For federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

**Income Taxes**

The Company is an organization exempt from income taxation under Section 501(a) as an entity described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. Accordingly, no provision for federal income taxes is included in the accompanying financial statements.

**NAP FORD COMMUNITY SCHOOL, INC.  
LEGENDS ACADEMY  
A CHARTER SCHOOL AND COMPONENT UNIT OF  
THE DISTRICT SCHOOL BOARD OF ORANGE COUNTY, FLORIDA**

**NOTES TO FINANCIAL STATEMENTS  
(continued)**

The Company has adopted guidance related to accounting for uncertainty in income taxes, which prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position that an entity takes or expects to take in a tax return. This guidance is applicable to not-for-profit organizations that may be conducting unrelated business activities, which are potentially subject to income taxes, including state income taxes.

The Company assesses its income tax positions, including its continuing tax status as a not-for-profit entity, and recognizes tax benefits only to the extent that the Company believes it is "more likely than not" that its tax positions will be sustained upon an examination by the Internal Revenue Service ("IRS") or the applicable state taxing authority. Accordingly, there is no provision for federal income taxes in the School's financial statements, as the Company believes all tax positions, including its continuing status as a not-for-profit entity, have a greater than 50% chance of realization in the event of an IRS audit. State income taxes, which may be due in certain jurisdictions, have been assessed following the same "more likely than not" measurement threshold. With few exceptions, the Company is no longer subject to U.S. federal, state and local income tax examinations by tax authorities for years before 2013.

**Use of Estimates**

In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources as of the date of the statement of net position and the balance sheet – governmental funds and affect revenues and expenses/expenditures for the period presented. Actual results could differ significantly from those estimates.

**Subsequent Events**

The School has evaluated subsequent events through October 27, 2017, the date these financial statements were available to be issued.

**2 INTERFUND ACTIVITIES**

The amounts payable by the special revenue fund to the general fund are to cover temporary cash shortages related to the timing of receipts.

**4 COMMITMENTS AND CONTINGENT LIABILITIES**

**Grants**

The School participates in state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the School has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable as of June 30, 2017 may be impaired. In the opinion of the School, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

**Legal Matters**

In the normal course of conducting its operations, the School occasionally becomes party to various legal actions and proceedings. In the opinion of management, the ultimate resolution of such legal matters will not have a significant adverse effect on the accompanying financial statements.

**Risk Management Program**

Workers' compensation coverage, health and hospitalization, general liability, professional liability and property coverages are being provided through purchased commercial insurance with minimum deductibles for each line of coverage. Settled claims resulting from these risks have not exceeded commercial coverage.

**5 PENSION PLANS**

**Pension Plan Descriptions**

The Florida Department of Management Services, Division of Retirement ("Division"), is part of the primary government of the State of Florida and is responsible for administering the Florida Retirement System Pension Plan and Other State-Administered Systems ("System"). The School participates in two defined benefit plans administered by the Division. The Division issued a publicly-available, audited comprehensive annual financial report ("CAFR") on behalf of the System that includes financial statements, notes and required supplementary information for each of the pension plans. Detailed information about the plans is provided in the CAFR which is available online or by contacting the Division.

The Florida Retirement System ("FRS") Pension Plan is a cost-sharing, multiple-employer qualified defined benefit pension plan with a Deferred Retirement Option Program ("DROP") available for eligible employees. The FRS was established and is administered in accordance

**NAP FORD COMMUNITY SCHOOL, INC.  
LEGENDS ACADEMY  
A CHARTER SCHOOL AND COMPONENT UNIT OF  
THE DISTRICT SCHOOL BOARD OF ORANGE COUNTY, FLORIDA**

**NOTES TO FINANCIAL STATEMENTS  
(continued)**

with Chapter 121, Florida Statutes. The Florida Legislature establishes and amends the contribution requirements and benefit terms of the FRS Pension Plan. Retirees receive a lifetime pension benefit with joint and survivor payment options. FRS membership is compulsory for employees filling regularly established positions in a state agency, county agency, state university, state community college, or district school board, unless restricted from FRS membership under sections 121.053 and 121.122, Florida Statutes, or allowed to participate in a non-integrated defined contribution plan in lieu of FRS membership. Participation by cities, municipalities, special districts, charter schools and metropolitan planning organizations is optional.

The Retiree Health Insurance Subsidy ("HIS") Program is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with section 112.363, Florida Statutes. The Florida Legislature establishes and amends the contribution requirements and benefit terms of the HIS Program. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. For the fiscal year ended June 30, 2015, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which may include Medicare.

Employee contributions required pursuant to section 121.71(3), Florida Statutes, are accounted for by the FRS as employer-paid employee contributions and are treated as employer contributions under 26 U.S.C. s. 414(h)(2) allowing these contributions to be deducted on a pre-tax basis. Pension expense reported by the School does not include these amounts.

Total employer contributions are determined on a uniform basis (blended rate) as required by Part III of Chapter 121, Florida Statutes. Employer contributions reflected in the financial statements represent contributions specific to each defined benefit plan and do not equal total blended contributions remitted by the employer.

Contribution rates were as follows:

	<b>Employee</b>	<b>Employer (A)</b>
Florida Retirement System, Regular	3%	7.52%
Florida Retirement System, Reemployed Retiree	(B)	(B)

- (A) Employer rates include 1.66% for the Retiree Health Insurance Subsidy and 0.06% for administration of the Florida Retirement System Investment Plan and provision of educational tools for both plans, and any applicable unfunded actuarial liability rates.
- (B) Contribution rates are dependent upon the retirement class in which reemployed.

**Information about the Employer's Proportionate Share of the Collective Net Pension Liability**

Assumptions and Other Inputs

Actuarial assumptions for both cost-sharing defined benefit plans are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS Pension Plan has a valuation performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed in 2014 for the period July 1, 2008, through June 30, 2013. Because the HIS Program is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS Program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total pension liability for each cost-sharing defined benefit plan was determined using the individual entry age actuarial cost method. Inflation increases for both plans is assumed at 2.60%. Payroll growth, including inflation, for both plans is assumed at 3.25%. Both the discount rate and the long-term expected rate of return used for FRS Pension Plan investments is 7.60%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS Program uses a pay-as-you-go funding structure, a municipal bond rate of 2.85% was used to determine the total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index). Mortality assumptions for both plans were based on the Generational RP-2000 with Projection Scale BB tables.

**NOTES TO FINANCIAL STATEMENTS**  
**(continued)**

The following changes in actuarial assumptions occurred in 2016:

- FRS: The long-term expected rate of return was decreased from 7.65% to 7.60%, and the active member mortality assumption was updated.
- HIS: The municipal rate used to determine total pension liability was decreased from 3.80% to 2.85%.

The following presents the School's proportionate share of the net pension liabilities calculated using the discount rates, as well as what the School's proportionate share of the net pension liabilities would be if they were calculated using discount rates that are 1% lower or 1% higher than the current rates as of June 30, 2016:

School's Proportionate Share of FRS Net Pension Liability			School's Proportionate Share of HIS Net Pension Liability		
1% Decrease	Current Discount Rate	1% Increase	1% Decrease	Current Discount Rate	1% Increase
6.60%	7.60%	8.60%	1.85%	2.85%	3.85%
\$ 998,247	\$ 542,211	\$ 162,621	\$ 468,108	\$ 408,034	\$ 358,176

The Pension Plans' Fiduciary Net Positions

Detailed information about the pension plans' fiduciary net positions are available in the System's separately issued CAFR. The components of the collective net pension liability of the participating employers for each defined benefit plan for the measurement date of June 30, 2016, are shown below (in thousands):

	<b>FRS</b>	<b>HIS</b>
Total pension liability	\$ 167,030,999	\$ 11,768,445
Plan fiduciary net position	<u>(141,780,921)</u>	<u>(113,859)</u>
Net pension liability	<u><u>\$ 25,250,078</u></u>	<u><u>\$ 11,654,586</u></u>
Plan fiduciary net position as a percentage of the total pension liability	84.88%	0.97%

The total pension liability for the FRS Pension Plan was determined by the plan's actuary and reported in the plan's valuations dated July 1, 2016. The fiduciary net position used by the actuary to determine the net pension liability (as shown above) was determined on the same basis used by the plan. Update procedures were not used.

**NAP FORD COMMUNITY SCHOOL, INC.  
LEGENDS ACADEMY

**NOTES TO FINANCIAL STATEMENTS  
(continued)**

The HIS actuarial valuation was prepared as of July 1, 2016. The fiduciary net position used by the actuary to determine the net pension liability (as shown above) was determined on the same basis used by the plan. Update procedures were not used.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

As of June 30, 2017, the School reported a liability of \$950,245 for its proportionate share of the net pension liabilities. The School's proportionate share was calculated using accrued retirement contributions related to the reporting periods included in the System's fiscal years ending June 30, 2014, 2015 and 2016, respectively, for employers that were members of the FRS and HIS during those fiscal years. The proportion calculated based on contributions for each of the fiscal years was applied to the net pension liability and other pension amounts applicable to that fiscal year to determine the School's proportionate share of the liability, deferred outflows of resources, deferred inflows of resources and associated pension expense.

The School's proportions are as follows:

	<b>FRS</b>	<b>HIS</b>
June 30, 2016	0.0021%	0.0035%
June 30, 2015	0.0000%	0.0000%
Change	<u>0.0021%</u>	<u>0.0035%</u>

In accordance with GASB 68, paragraphs 54 and 71, changes in the School's proportionate share of the net pension liability are recognized in pension expense in the current measurement period, except as indicated below. For each of the following, a portion is recognized in pension expense in the current reporting period, and the balance is amortized as deferred outflows or deferred inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors – amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).
- Changes of assumptions or other inputs – amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).
- Changes in proportion and differences between contributions and proportionate share of contributions – amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).
- Differences between expected and actual earnings on pension plan investments – amortized over five years.

**NOTES TO FINANCIAL STATEMENTS

Employer contributions to the pension plans from the School are not included in collective pension expense; however, employee contributions are used to reduce pension expense. The average expected remaining service life of all employees provided with pensions through the pension plans as of June 30, 2016, was 6.4 years for FRS and 7.2 years for HIS.

For the year ended June 30, 2017, the School recognized pension expense of \$373,110. As of June 30, 2017, the School reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 41,516	\$ 5,977
Changes of assumptions	96,833	-
Net difference between projected and actual earnings on pension plan investments	249,645	109,282
Changes in proportion and differences between School contributions and proportionate share of contributions	288,071	452
School contributions subsequent to the measurement date	<u>85,055</u>	<u>-</u>
<b>Total</b>	<b>\$ 761,120</b>	<b>\$ 115,711</b>

Deferred outflows of resources related to the School's contributions paid subsequent to the measurement date and prior to the School's fiscal year end will be recognized as a reduction of the net pension liability in the subsequent reporting period.

**7 RELATED PARTY TRANSACTIONS**

During the routine course of business, invoices and payroll, which apply to both the School and other related entities or schools, may be paid by a single entity. Also, schools with surplus funds may pay expenses on behalf of other related entities or schools. The School tracks these amounts due to or from each related entity or school separately. As of June 30, 2017, \$106,447 was due to Nap Ford Community School, a related party, for expenses paid on the School's behalf.

The Company has entered into various lease agreements for facilities and equipment used by the School. The leases require monthly rent payments of approximately \$16,240. The School pays the monthly rent on behalf of the Company. Facilities and equipment lease rental expense for the year ended June 30, 2017 totaled approximately \$278,000 and is included in instruction, instruction-related technology, and operation of plant expense/expenditure in the accompanying financial statements.

**Independent Auditor's Report on Internal Control Over Financial Reporting  
and on Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards***

To the Board of Directors of Nap Ford Community School, Inc. –  
Legends Academy, a Charter School and Component Unit of the District School  
Board of Orange County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Nap Ford Community School, Inc. - Legends Academy, ("School"), a charter school and component unit of the District School Board of Orange County, Florida, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated October 27, 2017.

**INTERNAL CONTROL OVER FINANCIAL REPORTING**

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **COMPLIANCE AND OTHER MATTERS**

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **PURPOSE OF THIS REPORT**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
